Schooner's Queer Actions.

It was reported by the steamer Noeau, which arrived from Kauai on Sunday, that a schooner, said to be the Abbie Cox, was at Waimea. It seems that there is some mystery attached to the movements of this vessel and there is considerable "rubbering" on the part of the customs authorities as to her at-

spot and there is nothing to prevent Chinese

The Abbie Cox is a sealer and is on her way to Japan, according to the account of her commander. She came from Victoria, Although the schooner is not more than a hundred tons, she carries a crew of about twenty-five carries a crew of about twenty-five men and a large number of boats for a vessel of her size. On Friday and Saturday these men made many trips ashore in the boats and their nctions were very suspicious.

There is no custom house on the Island of Kauai, as it has no port of entry, and the opportunities for smugging and landing Chinese are as grent as could be desired by the most ambitious smuggler.

None of the shipping lists contain the name of the little schooner.
